

The Town of Morehead City and the Big Rock Blue Marlin Tournament are proud to announce the construction of the Big Rock Fountain on the waterfront in Morehead City, NC. This fountain will provide significant educational, cultural and economic impact for the Morehead City waterfront and Carteret County. The Plaza would become one of the most photographed icons in Carteret County along with the lighthouse at Cape Lookout, the Shackelford Banks ponies and Fort Macon.

### Educational, Cultural and Economic Impact

This magnificent sculpture and fountain will give visitors the opportunity to see the actual scale of a 1000 pound plus blue marlin that swims off of our coast. The sculpture will provide a cultural impact for Carteret County by being one of the largest pieces of artwork in the area. It will give visitors to the Crystal Coast a reason to stop on the Morehead City Waterfront and therefore be a catalyst for economic development. The Morehead City waterfront will be a destination for all Crystal Coast visitors.

This sculpture represents the very thing that this tournament is all about, the quest of the grander blue marlin. The sculpture heightens the awareness of the existence of these magnificent fish. Maybe it will motivate a young child that has never been exposed to fishing to take on the challenge.

### Perpetual Trophy

The fountain will also serve as a perpetual trophy for the Big Rock Blue Marlin Tournament and the Big Rock Keli Wagner Lady Angler Tournament. All of the past and future winners of both tournaments will be memorialized with a permanent etching on the base of the fountain. What a great trophy to recognize the first fifty years of winners and the next fifty years of winners.
